Continuation of Substance of Interview including description of the general nature of what was discussed: It was determined by the examiner that a 1449 was submitted on 10/31/03, however was not in the record of the case. Only an IDS transmittal letter was found. Therefore the examiner contacted Ms. Hjorth to request a copy of the 1449 and the copy was received to the examiner's rightfax system. The reference was considered and not found to be relevant and therefore the 1449 was routed to the official office fax number by the examiner for official entry in the case. The case will be allowed with claims 45-60 being cancelled and the remaining non-elected claims being rejoined..
